Maria Antoniak

⊠ maa343@cornell.edu

http://maria-antoniak.github.io

Research interests

Broad

Natural language processing, machine learning

Narrow

Unsupervised methods (word embeddings, topic modeling), narrative structure, sentiment analysis, paraphrase detection and synonym extraction, computational social science

Education

2016-Present

Ph.D. in Information Science, Cornell University

• Adviser: David Mimno

• Committee Members: Lillian Lee and Mor Naaman

• Minor: Computer Science

2013-2014

M.S. in Computational Linguistics, University of Washington

• Thesis: Extracting Topically Related Synonyms from Twitter

2007-2011

B.A. in Program of Liberal Studies, University of Notre Dame

• Glynn Family Honors Program

Industry experience

2018 Summer

Research Intern, MICROSOFT

- Mentor: Ranjani Ramamurthy
- · Worked on Project EmpowerMD (production of an automated medical scribe) and researched unsupervised extractive summarization clinical dialogues.

2017 Summer

Software Engineering Intern, RAKUTEN

• Developed training data and a classifier for product gender labels for the Rakuten Catalog while restricting the classifier's use based on ethical considerations for each category of products. Also developed an anomaly detection system to discover mislabeled training data.

2014-2016

Data Scientist, MAANA

- · Led the data science design and implementation of successful proof-of-concept projects for Fortune 100 companies (e.g. Shell, GE, Chevron).
- · Created a custom named entity recognition and normalization system for messy, technical text using bootstrapping and word embeddings.
- Constructed a query expansion and completion search system for the core product.
- Implemented the NLP sections of a Scala machine learning pipeline for the core product.

2014 Summer

National Security Intern, PACIFIC NORTHWEST NATIONAL LABORATORY

- · Mentor: Eric Bell
- Researched Twitter synonym extraction to improve paraphrase detection performance.
- Implemented baseline systems for paraphrase detection using SVM models trained using machine translation metrics, matrix factorization, and a re-weighting scheme.
- Supported other NLP software development projects, including sentiment analysis, topic modeling, and data extraction.

2013 Summer

Mobile Developer Intern, PACIFIC NORTHWEST NATIONAL LABORATORY

- Mentor: Courtney Corley
- Designed, created, and presented *FoodFeed*, a foodborne illness tracking application, using scraped public health data from the FDA and CDC, which won PNNL's biosurveillance mobile app competition.

Publications

Evaluating the Stability of Embedding-based Worth Similarities. Maria Antoniak and David Mimno. Transactions of the Association for Computational Linguistics (TACL), 2018.

Natural Language Processing Techniques on Oil and Gas Drilling Data. Maria Antoniak, Jeff Dagliesh, and Justin Lo. SPE Intelligent Energy Conference and Exhibition, 2016.

Leveraging Paraphrase Labels to Extract Synonyms from Twitter. Maria Antoniak, Eric Bell, and Fei Xia. *The Twenty-Eighth International Florida Artificial Intelligence Research Society Conference (FLAIRS)*, 2016.

Workshops

Diverging Paths in Birth Stories: A Medical Dataset for Narrative Analysis. Maria Antoniak and David Mimno. Oral presentation at *Workshop for Narrative Understanding*, *NAACL*, 2019.

Comparative Analysis of Cultural Biases with Word Embeddings. Maria Antoniak and David Mimno. Poster presented at *Text as Data (TADA)*, 2018.

Evaluating the Stability of Embedding-based Word Similarities. Maria Antoniak and David Mimno. Poster presented at *Amazon Graduate Research Symposium*, 2017.

Extracting Topically Related Synonyms from Twitter. Maria Antoniak, Eric Bell, and Fei Xia. Poster presented at *Workshop for Women in Machine Learning (WiML)*, collocated with *NeurIPS*, 2015.

Teaching experience

Spring 2019 Teaching Assistant, **CS 3300: DATA-DRIVEN WEB APPLICATIONS**, Cornell University Teaching Assistant, **CS 3300: DATA-DRIVEN WEB APPLICATIONS**, Cornell University

English Teacher, **Ukrainian Catholic University**, Lviv, Ukraine

2010 & 2011 Teaching Assistant, HUMANITIES SPRING, Assisi, Italy

Teaching Assistant, **FIRST YEAR WRITING TUTORIAL**, University of Notre Dame
Writing Tutor, **University Writing Center**, University of Notre Dame

2

Honors, awards, & scholarships

| 2018 | Information Science Outstanding Service Award, Cornell University |
|-----------|--|
| 2016-2017 | Information Science Fellowship, Cornell University |
| 2013 | 1st Place, PNNL Biosurveillance Mobile App Development Competition |
| 2007-2011 | Glynn Family Honors Program, <i>University of Notre Dame</i> |
| 2007 | National Merit Scholar, National Merit Scholarship Program |

Service & leadership

| 2018-2019 | Social Chair, Cornell Graduate Women in Science |
|-----------|--|
| 2018-2019 | Treasurer, Information Science Graduate Student Association |
| 2017-2018 | Vice President & Treasurer, Information Science Graduate Student Association |
| 2010-2011 | Editorial Board Member, Notre Dame Journal of Undergraduate Research |

Non-degree studies

| 2016 Summer | Lisbon Machine Learning Summer School (LxMLS) |
|-------------|---|
| 2011 Summer | Ukrainian Language Summer School, Lviv, Ukraine |
| 2010 Spring | French Language & Culture, Universite Catholique de l'Ouest, Angers, France |

Skills

COMPUTING

Python Stack: spaCy, Gensim, scikit-learn, pandas, SciPy, NumPy, PySpark, matplotlib

Other: Mallet, Stanford CoreNLP

Limited/Older Experience: Java, C++, C, Scala, Javascript

Languages

English: native speaker French: intermediate

Ukrainian & Italian: elementary
